- 919 3 story, 3 bay, brick Victorian structure with 2 dormers mounted on a Mansard roof.
- 921 2 story, 2 bay brick structure.
- 1000 3 story, 2 bay, brick Victorian structure with paneled brick cornicing. Entranceway is on the side of the structure.
- 1002 2½ story, 2 bay, brick Victorian structure with 1 dormer mounted on a pitched roof and a projected pediment roof over the front entranceway.
- 1004-1008 (3 structures) 2½ story, 2 bay, brick Victorian structure with 1 dormer mounted on a pitched roof.
- 1010 2½ story, 2 bay, brick Victorian structure possessing a 1st floor stained glass window and 1 dormer mounted on a pitched roof.

Green Street (continued)

- 1012-1016 (2 structures) 2½ story, 2 bay, brick Victorian structure possessing 1 dormer mounted on a pitched roof and a 1st floor double window.
- 1014 2½ story, 2 bay, brick Victorian structure with 1 dormer mounted on a pitched roof.
- 1018 2½ story, 3 bay, brick Victorian structure possessing a 2nd floor bay window and 1 dormer mounted on a pitched roof.
- 1020 3 story, 2 bay, brick structure with a 2nd floor bay window and a 1st floor double window.
- 1022 3 story, 3 bay, brick Victorian structure with a 2nd floor bay window.
- 1001 3 story, 3 bay, brick structure with paneled brick cornicing. Entrance is on the side of the building (Boas Street).
- 1003-1009 (4 structures) 3 story, 2 bay, brick structure with paneled brick cornicing.
- 1011 3 story, 2 bay, brick structure covered with permi-stone.
- 1013 3 story, 3 bay, Victorian structure with arched windows and covered with permi-stone.
- 1015 3 story, 3 bay, brick Victorian structure with arched windows back topped with pediments and possessing paneled brick cornicing.
- 1017 3 story, 3 bay, brick Victorian structure with 2nd and 3rd story bay windows, arched windows each topped with pediments and paneled brick cornicing.
- 1019 3 story, 3 bay Victorian structure with arched windows and with permi-stone covering.
- 1021 3 story, 3 bay, brick Victorian structure with arched windows, a balcony over the front entranceway, and paneled brick cornicing. Both the front entranceway and 1st floor windows have been unauthentically altered.
- 1100-1108 (5 structures) 3 story, brick and stucco Eclectic structure with a recessed front porch, tile roof, 2nd floor bay window, and 3rd floor triple window.
- 1110-1114 (3 structures) 3 story, 2 and 3 bay, brick Victorian structure with 1 dormer mounted on a Mansard roof.
- 1116-1120 (2 structures) 3 story, 2 bay, brick structure with a paneled brick cornice and stone lintels.
- 1118 3 story, brick structure with 2nd and 3rd floor bay windows and a 1st floor double window.
- 1122-1124 2 story, brick contemporary structure.
- 1109 3 story, 3 bay, brick Victorian structure with a contemporary front door.

Green Street (continued)

- 1111-1119 3 story, 2 and 3 bay, brick structure with paneled (5 structures) brick cornicing.
- 1121-1123 3 story, 2 and 3 bay, brick structure with paneled brick (2 structures) cornicing and a stained glass transom.
- 1201 2½ story, brick, Victorian structure possessing 2nd floor rounded top windows, carpenter gothic influences in roof cornicing, and 2nd and 3rd floor balconies.
- 1203 3 story, 2 bay brick structure with paneled brick cornicing and an enlarged 1st floor window.
- 1205-1207 3 story, 2 bay brick structure with paneled brick (2 structures) cornicing.
- 1209 3 story, 3 bay, brick Victorian structure with a 4 window dormer (most likely unauthentic) mounted on a Mansard roof.
- 1211 2½ story, 3 bay Victorian structure covered with aluminum siding and possessing a stained glass transom and 1 dormer mounted on a pitched roof.
- 1213 3 story, 3 bay, Victorian structure covered with aluminum siding and possessing 2 dormers mounted on a Mansard roof.
- 1218 2½ story structure covered with brick asphalt and possessing 1st and 2nd floor double windows and a pitched roof.
- 1222 2½ story brick Eclectic structure with 2nd story bay windows, a brick enclosed front porch, and a 3rd story dormer.
- 1224 3 story, 2 bay brick Victorian structure with 1 dormer mounted on a Mansard roof, a 2nd floor bay window (unoriginal), and an enlarged 1st floor window (unauthentic).
- 1226 3 story, 2 bay brick Victorian structure with 1 dormer mounted on a Mansard roof.

HERR STREET

- 108-112 3 story, 2 bay, brick structure with rounded top windows, (2 structures) paneled brick cornicing, and a 1st story double window.
- 110 3 story, 2 bay brick structure with paneled brick cornicing, 2nd and 3rd floor bay windows, and a rounded top, 1st floor double window.
- 116 2½ story, 2 bay structure covered with brick asphalt and possessing a window-less dormer mounted on a pitched roof and a 1st floor double window.
- 119 3 story, 2 bay brick structure with paneled brick cornicing and 2 front doors.
- 121 3 story, 2 bay brick structure with paneled brick cornicing and a 1st floor double window.
- 127 3 story, 3 bay, frame Victorian structure.

Herr Street (continued)

- 131 3 story, 2 bay brick structure with a 1st floor double window.
- 133 3 story, 3 bay, brick Victorian structure with Italianate corncing.
- 200 3 story brick structure with unauthentic 1st floor commercial facade and paneled brick corncing.
- 202-204 (2 structures) 3 story, 2 and 3 bay brick structure with paneled brick corncing.
- 206-208 2½ story structure covered with brick asphalt and possessing 1 double and 1 single dormer mounted on a pitched roof, a 2nd story bay window, and an unauthentic aluminum 1st floor commercial facade.
- 210 2½ story, 2 bay Victorian structure covered with aluminum siding and possessing 1 dormer mounted on a pitched roof.
- 214 3 story, 2 bay brick structure with paneled brick corncing.
- 216 3 story, 3 bay brick structure with paneled brick corncing and a 2nd story side bay window
- 218 3 story, 3 bay brick Victorian structure with 2 dormers mounted on a Mansard roof.
- 220 3 story, 2 bay brick Victorian structure with 2 dormers mounted on a Mansard roof and a stained glass transom and 1st floor window.
- 222 3 story, 2 bay, brick Victorian structure with a stained glass transom, Mansard roof and front gable.
- 224 3 story, 2 bay, brick Victorian structure with a stained glass transom, Mansard roof and front gable.
- 226 3 story, 2 bay, brick Victorian structure with a stained glass transom and 1st floor window, and 2 dormers mounted on a Mansard roof.
- 228 2½ story, 3 bay Victorian structure covered with brick asphalt and possessing a front porch and 1 dormer mounted on a pitched roof.
- 209 2½ story, 2 bay Victorian structure covered with brick asphalt and possessing a 1st floor double window and 1 dormer mounted on a pitched roof.
- 211-213 (2 structures) 2½ story, 2 bay Victorian structure covered with brick asphalt with 1 dormer mounted on a pitched roof.
- 215 3 story, 3 bay, frame Victorian structure with 2 dormers mounted on a Mansard roof.
- 217 3 story, 2 bay structure covered with brick asphalt with a front porch, a 2nd story bay window, and a double windowed dormer mounted on a Mansard roof.

Herr Street (continued)

- 219 3 story, 2 bay stucco structure with a front porch.
- 221 3 story, 2 bay, brick Victorian structure
- 223 3 story, 2 bay, brick structure with paneled brick  
cornicing and a triple 1st floor window.
- 227 3 story, 3 bay brick Victorian structure
- 256 2½ story, detached, brick Victorian structure with a  
pillared portico and side porch, stain glass windows,  
rounded top windows, and a pitched roof with gables.  
Also the front entranceway possesses an elaborate fanned  
transom and sidelights.
- 258-260 3 story, 3 bay, brick Victorian structure with  
(2 structures) 2 dormers mounted on a Mansard roof.
- 262 3 story, 3 bay, brick Victorian structure with a 2nd  
story bay window and 2 dormers mounted on a Mansard  
roof.
- 264 3 story, 3 bay, brick structure with 2nd and 3rd floor  
bay windows.
- 266 3 story, 3 bay, brick Victorian structure with a 2nd  
floor bay window.
- 259 3 story, 3 bay brick structure with a stained glass  
transom and 2nd and 3rd floor bay windows.
- 261-263 3 story, 3 bay brick structure with paneled brick  
(2 structures) cornicing.
- 265-267 3 story, 2 and 3 bay brick structure with paneled brick  
(2 structures) cornicing.
- 269-271 3 story, 2 and 3 bay, brick Victorian structure with  
(2 structures) 1 double windowed dormer mounted on a Mansard roof.

PENN STREET

- 904-906 2½ story, 2 bay, Victorian structure covered with  
(2 structures) aluminum siding and possessing 1 dormer mounted on a  
pitched roof.
- 916 2½ story, 2 bay Victorian structure covered with  
brick asphalt and possessing 1 dormer mounted on a  
pitched roof.
- 918 2½ story, 2 bay, frame Victorian structure with 1 dormer  
mounted on a pitched roof.
- 920-922 2½ story, 2 bay brick structure with a common dormer  
(2 structures) (shared between both houses) mounted on a pitched roof.
- 926-930 2½ story, 2 bay, frame Victorian structure with 1 dormer  
(3 structures) mounted on a pitched roof.

Penn Street (continued)

- 909 and 919 (2 structures) 3 story, 2 bay Victorian structure covered with brick asphalt and possessing 1 dormer mounted on a Mansard roof.
- 911 and 915 (2 structures) 3 story, 2 bay, frame Victorian structure with 1 dormer mounted on a Mansard roof.
- 913 3 story, 2 bay Victorian structure covered with asbestos and possessing 1 dormer mounted on a Mansard roof.
- 917 3 story, 2 bay Victorian structure covered with aluminum siding and possessing 1 dormer mounted on a Mansard roof.
- 1101 and 1113 (2 structures) 3 story, 2 bay brick structure possessing 1 double windowed dormer mounted on a pitched roof and a front porch.
- 1103 and 1111 (2 structures) 3 story, 2 and 3 bay brick structure possessing 2 dormers mounted on a Mansard roof and a front porch.
- 1005 and 1109 (2 structures) 3 story, 2 bay brick structure possessing 2 dormers mounted on a Mansard roof and a front porch.
- 1107 3 story, 2 and 3 bay brick structure possessing 1 double windowed dormer mounted on a Mansard roof and a front porch.
- 1108 2½ story, 5 bay frame Victorian structure (circa 1860-65) possessing both front and side porches and 1 double windowed dormer mounted on a pitched roof.
- 1110 2½ story, 3 bay, Victorian structure covered with aluminum siding and possessing 2 dormers mounted on a pitched roof.
- 1200, 1204, 1206, 1208, 1210 (5 structures) 2½ story, 2 and 3 bay brick Victorian structure with 1 dormer mounted on a pitched roof.
- 1202 2½ story, 2 and 3 bay brick Victorian structure possessing a pediment over the front door and 1 dormer mounted on a pitched roof.
- 1209-1217 (5 structures) 2½ story, 2 bay, brick Victorian structure with 1 dormer mounted on a pitched roof.

SASSAFRAS STREET

- 133-139 (1 structure) 2 story, brick warehouse
- 203-205 2½ story, 2 bay, Victorian structure covered with brick asphalt and possessing 1 dormer mounted on a pitched roof.
- 253-255 (2 structures) 3 story, 2 bay brick structure

Sassafras Street (continued)

257-261 and 3 story, 2 bay, brick Victorian structure with 1 dormer  
265 mounted on a Mansard roof.  
(4 structures)

263 3 story, 2 bay Victorian structure covered with  
aluminum siding with 1 dormer mounted on a Mansard  
roof.

267-269 3 story, 2 bay, Victorian structure covered with brick  
(2 structures) asphalt and possessing 1 dormer mounted on a Mansard  
roof.

NORTH SECOND STREET

900 3 story, 3 bay, brick Victorian structure with stone  
lintels.

902 3 story, 2 bay, brick Victorian structure with a  
stained glass transom and 1st floor window.

904 3 story, 2 bay, brick Victorian structure with a Mansard  
roof, a front gable containing a pseudo palladian  
window, stone lintels, and a remodeled front entranceway.

906 3 story, 2 and 3 bay, brick Victorian structure possessing

- 919-923 (3 structures) 3 story, 2 bay, brick Eclectic structure with Italinatate corning, a 1st floor double window and a remodeled pseudo-Federal entranceway with fanned transom and sidelights.
- 925 2½ story, 3 bay, brick Victorian structure with 1 dormer mounted on a pitched roof.
- 927-929 (2 structures) 3 story, 2 bay brick Victorian structure with paneled brick corning.
- 931-933 (2 structures) 3 story, 3 bay, Victorian structure covered with aluminum siding.
- 935 3 story, 2 bay, Eclectic structure covered with brick-cote and possessing a 1st floor triple window and a pseudo-Georgian entranceway.
- 1000 2½ story, 2 bay, brick Victorian structure with the entrance currently on the side (2nd Street). Possesses 1 dormer mounted on a pitched roof, an unauthentic entrance, and a rear carport.

North Second Street (continued)

- 1006 3 story, 3 bay, brick Victorian structure with 2 dormers mounted on a Mansard roof.
- 1008 3 story, 3 bay (originally), brick Victorian structure with a remodeled, contemporary front entranceway, a circular window over the front door, and 3 dormers mounted on a Mansard roof.
- 1010 3 story, 2 and 3 bay, brick Victorian structure with arched windows and a pseudo-Georgian entranceway.
- 1012 3 story, 2 bay brick Victorian structure with a 3 story wing setback (2nd Street side) and 1 dormer mounted on a Mansard roof.
- 1001 3 story, 3 bay, brick Victorian structure with neo-classical cornicing.
- 1003 3 story, 3 bay structure with a 1st floor double window and a 2nd story bay window.
- 1005 3 story, 3 bay brick Victorian structure with a stained glass transom and cornice brackets
- 1007 2 ½ story, 3 bay brick structure recently (relatively) in a pseudo-Georgian style. Possesses neo-classical cornicing, a 2nd story bay window
- 1009 3 story, 3 bay, brick Victorian structure with 2nd and 3rd story bay windows and cornice brackets
- 1011 3 story, 3 bay brick Victorian structure with 2 dormers mounted on a Mansard roof and a 2nd story bay window.
- 1013 3 story, 2 and 3 bay, brick Victorian structure with paneled brick cornicing and a 2nd story bay window.
- 1015 3 story, 2 bay (3rd story), brick Victorian structure with paneled brick cornicing, a stained glass store-front window and a 2nd floor bay window.
- 1100 3 story, brick Victorian structure with 1st and 2nd floor structural bays and 1 double and 1 single windowed dormers mounted on a Mansard roof. Front entrance has been remodeled.
- 1102 3 story, 2 bay brick Victorian structure with cornice bracelet and a 1st story double window.
- 1104 3 story, 2 bay brick Victorian structure with cornice brackets, a 2nd story bay window, and a 1st story double window.
- 1106-1110 (3 structures) 3 story, 2 bay brick Victorian structure with cornice brackets and a 1st story double window.
- 1112 2 story, brick structure (6 windows wide on a 1st floor) with 2nd story bay windows.
- 1114 3 story, 3 bay brick Victorian structure with stone lintels
- 1116 3 story, 3 bay brick Victorian structure with cornice brackets, a 2nd story bay window and an enclayed 1st floor, lattaced picture window.
- 1103 2 ½ story, 3 bay Victorian structure covered with perma-stone and possessing a 2nd story bay window, a contemporary front door, and 1 dormer mounted on a pitched roof.
- 1105 3 story, 2 and 3 bay brick structure with a 2nd story bay window

North Second Street (cont'd.)

- 1107 3 story, 2 bay brick structure with a 1st floor triple window and a 2nd story bay window
- 1109 3 story, 2 and 3 bay brick Victorian structure with paneled brick cornicing and decorated lintels.
- 1111 3 story, 2 bay brick (originally Victorian) structure with paneled brick cornicing and a remodeled front entranceway and the addition of a large, lattaced bay window.
- 1113 3 story, 2 bay structure covered with perma-stone
- 1115 3 story, 3 bay Victorian structure covered with white aluminum siding and processing, 2 dormers mounted on a Mansard roof.
- 1117-1119 (2 structures) 3 story, 4 bay structure with paneled brick cornicing with a large pediment over the front entrance.
- 1121 3 story, 3 bay structure covered with perman-stone.
- 1118-1120 (2 structures) 3 story, 2 bay, brick Victorian structure with one dormer mounted on a Mansard roof and a Mansard pediment
- 1122 3 story, 3 bay, brick Victorian structure with a Mansard pedimeth, an enlarged 1st story, plate glass window, and 2 dormers mounted on a Mansard roof
- 1200 3 story, brick Victorian structure possessing a 1st floor storefront facade (most likely original) with plate glass windows, 1 double windowed dormer and a smaller single windowed dormer mounted on a Mansard roof, and cornice brackets.
- 1202 3 story, brick Victorian structure possessing an enlarged 1st floor, plate glass window, one double windowed dormer mounted on a Mansard roof, and cornice brackets
- 1204 3 story, 2 and 3 bay, brick Victorian structure possessing one dormer mounted on a Mansard roof and cornice brackets
- 1206 3 story, 2 and 3 bay, brick Victorian structure possessing 1 dormer mounted on a Mansard roof, cornice brackets, and a stained glass transom.
- 1210 3 story, brick Victorian structure with a 2nd story bay window, a 1st floor double window, cornice brackets, and 1 dormer mounted on a Mansard roof.
- 1212 3 story, 2 and 3 bay, brick Victorian structure possessing cornice brackets, a stained glass transom, and 1 dormer mounted on a Mansard roof.
- 1201 3 story, 3 bay, brick Victorian structure possessing cornice brackets, decorative window lintels, and a shelf entrance pediment with door sidelights.

North Second Street (cont'd)

- 1201 extension 3 story, brick contemporary structure with triple windows on all three floors.
- 1205-1207 3 story, 2 and 3 bay, brick Victorian structure with an arched entranceway and double doors, a shelf pediment, and brackets mounted on paneled brick corncing
- 1209 3 story, 2 and 3 bay, brick Victorian structure with an arched entrance and transom, a shelf pediment, and brackets mounted on paneled brick corncing
- 1211 3 story, 2 and 3 bay, brick Victorian structure with an arched entrance and stained glass transom, a shelf pediment, and brackets mounted on paneled brick corncing
- 1213 3 story, 2 bay, brick Victorian structure with stone lintels
- 1215, 1219, 1223 (3 Structures) 3 story, 2 bay brick structure possessing a 2nd story bay window, stone lintels, a 1st floor front porch, and a 1st floor front porch, and a 1st floor stained glass window
- 1217, 1221 (2 structures) 3 story, 2 bay brick structure possessing a 2nd story bay window, stone lintels, and a 1st story front porch.
- 1225 3 story, 2 bay brick structure possessing a 2nd story bay window, stone lintels, a stained glass 1st floor window, 3rd floor arched windows, and a 1st story front porch.
- 1227 3 story, 2 bay brick structure possessing a 2nd story bay window, stone lintels, 3rd floor arched windows, and a 1st story front porch
- 1229 3 story, 2 bay brick structure possessing - 1st and 2nd floor, corner structural bays topped with a turret, a 1st floor stain-glass window and front porch, and stone lintels.

North Third Street

- 900 3 story, brick, Victorian structure with a large, plate glass 1st floor window, a 2nd floor balcony over the front entrance, cornice brackets, 2 dormers mounted on a Mansard roof and decorative lintels.
- 902 2 1/2 story, 3 bay and 2 bay brick Victorian structure with stone lintels, a 1st floor triple window, an arched entrance way and a front gable mounted on a Mansard roof
- 906 3 story, 2 bay brick structure with a 1st floor plate glass window storefront and paneled brick corncing
- 910 3 story, 3 bay, brick Victorian structure with a shelf pediment, and paneled brick corncing

North Third Street (cont'd)

- 912 3 story, 3 bay, brick Victorian structure with a 1st floor, plate glass, storefront window, a second floor bay window, and paneled brick corning
- 916 3 story, 3 bay, brick Victorian structure with 1st floor, plate glass, storefront windows
- 918 3 story, brick Victorian structure with 1st and 2nd floor structural bays, cornice brackets, decorative window lintels, a shelf pediment, and dormers (2) mounted on a Mansard roof
- 920 3 story, 2 bay brick eclectic structure with double windows (2nd & 3rd floors) 1st floor plate glass, storefront windows, and cornice brackets.
- 926-28  
(1 structure) 3 story, concrete Eclectic structure with doric columns (2nd & 3rd floors) a segmental pediment over the front entrance, and neo-classical corning
- 1000 3 story, brick Victorian structure with a small front gable, cornice brackets, paneled brick treatment, and cornice brackets.
- 1002 1 story, brick structure with a boomtown roof and plate-glass, storefront facade
- 1004 1 story, frame structure with a large, plate glass window.
- 1006, 1010  
(2 structures) 3 story, brick Victorian structure with 2nd and 3rd floor bay windows, paneled brick corning, and a 1st floor plate-glass window storefront. (1006 possesses a 1st floor stained glass window)
- 1008 3 story, brick structure with 2nd and 3rd floor bay windows and a 1st floor, plate glass window storefront
- 1012 3 story, 2 bay brick structure with 2nd floor double indoors, a plate glass storefront facade on the 1st floor, cornice brackets, and 2 double dormers mounted on a Mansard roof.
- 1014 3 story, 3 bay brick structure portions of which covered with perma-stone and possessing 1st floor, plate-glass, storefront windows and a triple dormer mounted on a Mansard roof
- 1100 4 story brick structure with 2nd, 3rd, and 4th floor bay windows, corner bay windows topped with a turret, and 1st floor plate-glass storefront window.
- 1102 3 story, 3 bay, brick Victorian structure with a front entrance portico, topped with a wrought iron ballast and possessing window lintels, quoins, cornice brackets and 3 dormers mounted on a Mansard roof

North Third Street (cont'd)

- 1110 3 story, 3 bay brick Victorian structure possessing corner quoins, casement windows with false wrought iron balconies, paneled brick cornicing, 3 dormers mounted on a Mansard roof, and a front porch
- 1116-1118 (1 structure) 3 story brick structure with 2nd and 3rd floor bay windows, center casement windows possessing stone lintels, and 1st floor plate glass windows topped with pseudo peat roof.
- 1122 3 story, 3 bay brick Victorian structure with 2nd & 3rd floor bay windows and a stained glass transom
- 1124 3 story, 3 bay brick Victorian structure with cornice bracket, 1st floor plate glass window, and a stained glass transom
- 1126 3 story, 3 bay brick Victorian structure with cornice brackets and a 1st floor, plate glass storefront windows
- 1200 3 story, 4 bay brick Victorian structure with plate glass storefront windows, a Mansard roof, and cornice brackets
- 1206 2 story, 3 bay brick Victorian structure with paneled brick facade treatments and a 1st floor, plate glass, storefront windows
- 1220-18 (1 structure) 2 story brick, contemporary structure with plate glass, 1st floor, storefront windows
- 1222-24 (1 structure) 6 story, stone-faced, Victorian structure with 2nd, 3rd, 4th, and 5th floor bay windows, heavy cornice brackets and 1st floor, plate glass, storefront windows.
- 1226-30 (1 structure) 1-2 story, stone, Victorian structure with Romanesque influences and possessing paneled stone cornicing and arched windows.
- 1231 (1 structure) 1 story, stone structure with a hipped roof -- rear structure  
1 story, brick Victorian structure with a raised central pitched roof and arched windows.

Union Street

- 280 - 284 (2 structures) 3 story, 2 bay Victorian structure covered with brick asphalt and possessing 1 dormer mounted on a Mansard roof and a recessed side wing with a small 1st floor porch
- 282 3 story, 2 bay, brame Victorian structure with 1 dormer mounted on a Mansard roof and a recessed side wing with a small 1st floor porch

Verbeke Street

- 112 2 1/2 story, 2 bay stucco structure with a remodeled contemporary facade a possessing 1 dormer mounted on a pitched roof
- 114 2 1/2 story, 2 bay fram Victorian structure with 1 dormer mounted on a pitched roof
- 116-118 2 1/2 story, 2 bay Victorian structure covered with aluminum siding and possessing 1 dormer mounted on a pitched roof
- 120 2 1/2 story, 3 bay Victorian structure coverer with shingle asphalt and possessing 1 dormer mounted on a pitched roof
- 122 2 1/2 story, 3 bay Victorian structure covered with brick asphalt and possessing 1 dormer mounted on a pitched roof
- 124 2 1/2 story, 3 bay Victorian structure covered with perma-stone and possessing 1 dormer mounted on a pitched roof
- 126 3 story, frame and stucco structure with 2nd and 3rd floor bay windows
- 132 1 story, cinder block and steel service station
- 200 3 story, brick structure with 2nd and 3rd floor bay windows, a 1st floor arched triple window, and a pediment over the front entranceway
- 202 2 1/2 story, 2 bay Victorian structure covered with brick asphalt and possessing 1 dormer mounted on a pitched roof
- 204 2 story brick structure with a 2nd story bay window
- 206-210 (3 structures) 2 1/2 story, 2 bay brick Victorian structure with 1 dormer mounted on a pitched roof
- 212 2 1/2 story, 2 bay brick Victorian (originally) structures, shutter, lattaced windows and a colonial pediment have been added to give a Colonial appearance.
- 214 1 story brick structure
- 216 2 1/2 story, 2 bay Victorian structure covered with brick asphalt and possessing a 1st floor stained glass window and 1 triple dormer mounted on a Mansard roof
- 218 2 1/2 story, 2 bay Victorian structure covered with brick asphalt and possessing 1 dormer mounted on a pitched roof

- 220 2 1/2 story, 2 bay Victorian structure covered with brick asphalt and possessing 1 triple dormer mounted on a pitched roof.
- 222 3 story, 2 bay structure covered with aluminum siding
- 224-228 (3 structure) 3 story, 2 bay brick Victorian structure with cornice brackets and a 1st floor double window
- 230 2 1/2 story, 3 bay Victorian structure covered with white aluminum siding and possessing 1 double dormer mounted on a pitched roof
- 232 3 story, 2 bay structure covered with white aluminum siding and possessing cornice brackets, an enlarge 1st floor window, and an aluminum awning protruding over the entire 1st floor facade
- 234 3 story, 2 bay structure covered with brick asphalt and possessing 1st floor plate glass storefront window
- 211 3 story, 3 bay brick structure with a stained glass transom
- 213 3 story, 3 bay brick structure with a 2nd floor bay window
- 215 3 story, brick structure with 2nd and 3rd floor bay windows and 1st floor plate-glass storefront windows
- 217 2 1/2 story, 2 bay Victorian structure covered with brick asphalt with a 1st floor, plate glass window and 1 dormer mounted on a Mansard roof
- 219 2 1/2 story, 3 bay Victorian structure covered with brick asphalt and possessing 1 dormer mounted on a pitched roof
- 221 2 1/2 story, 3 bay, frame Victorian structure with 1 dormer mounted on a pitched roof
- 223 2 1/2 story, 3 bay, frame Victorian structure with a 2nd floor bay window and 1 dormer mounted on a pitched roof
- 225 3 story, 2 and 3 bay structure covered with brick asphalt
- 227 2 1/2 story, 3 bay, Victorian structure covered with aluminum siding and possessing a shelf pediment and 1 dormer mounted on a Mansard roof
- 229 1 story, frame structure with a plate glass storefront windows
- 231-235 3 story, 2 bay, brick Victorian structure with a shelf pediment and 1 dormer mounted on a Mansard roof and cornice brackets

Verbeke Street (cont'd)

- 237-253 2 story, 2 spired brick church possessing Gothic Revival influences evidenced through stone arched stain glass windows and spire detail, Eastern extension is of contemporary design and 2 stores in height.
- 250 3 story, brick Victorian structure with 1st, 2nd, and 3rd floor structural bays and stone lintels
- 250 1/2-254 3 story, 2 bay brick Victorian structure with 1 dormer mounted (3 structures on a Mansard roof and cornice brackets
- 256 3 story, brick structure with 2nd and 3rd floor bay windows, a 1st floor triple window, and paneled brick corning
- 258 3 story, 2 bay brick structure with a 1st floor, plate glass storefront and paneled brick corning
- 260 3 story, 3 bay, brick Victorian structure with cornice brackets and s shelf pediment over the front entrance
- 262-264 2 1/2 story, 2 bay Victorian structure covered with brick asphalt (2 structures) and possessing 1 dormer mounted on a pitched roof
- 266 3 story structure covered with aluminum siding, 1st floor and brick asphalt, 2nd & 3rd floors, and possessing 2nd & 3rd floor bay windows, 1st floor facade has been remodeled being converted from commercial to residential use.
- 268 3 story, brick Victorian structure possessing a 1st floor, brick glass, facade, a corner 2nd floor bay window, and 2 dormers mounted on a Mansard roof.

Midtown Harrisburg Historic District - Property by Property Inventory Addendum

North Third Street

905 - Three story, attached, brick constructed, three bay, latter 19th Century structure capped with Mansard roof and two dormer windows, and embellished with decorative wood window lintels and protruding second story bay window over first story doorway entablature.
